# Delaware Needs Strong Leadership...

## Not Campus Theory!

### *Professor Ting's Record of Failed Leadership*

- ✗ As the former Assistant Commissioner of the U.S. Department of Immigration and Naturalization he **failed to protect our borders** from the wave of illegal immigration. We now have 12 million illegal immigrants.
- ✗ He avoided the draft and **protested the Vietnam War**.
- ✗ He **supports Abortion**.
- ✗ A **tenured law professor** with no worries about job security, loss of pension, or healthcare coverage. How can Jan Ting represent the challenges of working families when he lives in the secure and safe world of campus life?

*Don't be fooled by the disguise*
